**Organic Color Systems** contains no ammonia but has the ability to achieve all areas of color techniques while maintaining the essential moisture and protein balance of the hair. This means no physical damage to the hair's delicate inner structure. A unique blend of certified organic, natural extracts and vitamins E and C, combined with plant derived conditioners actually enhance, protect, and moisturize the hair as it's colored.

**Organic Curl Systems** is an innovative permanent curling system that has eliminated the use of hazardous chemicals to prevent degradation to the hair's delicate structure. Essential protein and moisture levels are maintained because the use of ammonia and thioglycolates has been removed from the process. This leaves the hair with a natural bounce and a curl formation which looks and feels natural and healthy.
